SALES, STOCK, AND SCALE.

SALES & CUSTOMER MANAGEMENT

Optimize your sales funnel with the Sale Module. Manage orders, cash and credit sales, returns, and utilize various payment types. Generate detailed reports for easy customer and product tracking.

PRODUCT & STOCK CONTROL

Gain full visibility into your inventory. The Product and Stock module efficiently tracks daily wheat grinding, opening stock, product purchases, and sales. It provides comprehensive stock reports for precise inventory control.

THE SMART PATH TO PRECISION MILLING. BUILT ON ORACLE 10G TECHNOLOGY.

FINANCE, WORKFORCE & TECHNOLOGY FOUNDATION.

💰🧮 THE ACCOUNTS MODULE

Ensure streamlined and organized accounting operations. The Accounts Module handles all financial transactions, including vouchers, reconciliations, and detailed financial reports like Trial Balances, Ledgers, and Expense Summaries.

💵✉️ THE PAYROLL MODULE

Simplify employee management and payroll processing. Features direct integration with attendance machines for accurate, automated salary sheet generation, along with handling loans and advances.

🖥️ TECHNICAL BACKBONE

PFMMS is developed using robust Oracle 10g technologies, ensuring stability and performance. We are actively progressing the system to Oracle APEX for a modern, web-based, and flexible user experience.

PMS (Pvt.) Ltd.
Innovative & Secured IT Solutions

UNIFIED MANAGEMENT. UNMATCHED EFFICIENCY.

Stop juggling spreadsheets and systems. Our dashboard offers a simple, organized overview, providing quick access to all vital modules—Accounts, Purchases, Sales, Payroll, and Inventory—from one place. Monitor and manage your entire operation efficiently.

FEATURE HIGHLIGHTS:

- Single-Screen Monitoring
- Quick Module Access
- Efficient Operation Control
- Web-based (online and offline)
- Online taxation, SMS, Weight Scale (weighbridge), Camera & Attendance Machine API Integration

✅ **Trusted by industry leaders.**

PROCUREMENT & LOGISTICS COMMAND.

💰 INTEGRATED WHEAT PURCHASE

Manage all purchasing processes—from general purchase entry to stock tracking for both wheat and finished goods. The system tracks wheat orders, forms, returns, and includes detailed bag and supplier ledgers.

🌾 GOVERNMENT WHEAT PROCUREMENT

Streamline and track complex government wheat procurement transactions. Manage bag logistics to and from PR Centers and generate transparent daily purchase records and supplier ledgers to ensure organized compliance.

🛡️ INTEGRATED SECURITY & ACCURACY:

Ensure maximum transparency and minimize losses. Our system offers seamless camera integration with the weight scale module to log visual confirmation of vehicle weigh-ins directly against the procurement record.
